

Authentic Vision offers a mobile authentication solution used by customers worldwide for brand protection and consumer engagement. The solution is based on irreproducible tags that provide any product with a unique copy-proof fingerprint. The tags can be authenticated with use of a smartphone app. A business intelligence portal provides channel & consumer data intelligence based on the scans. Authentic Vision holds several patents and is cooperating closely with a global network of partners to fight counterfeiting.

As we are rapidly growing, we would like to get another creative, talented, motivated team member on board. We are looking for a
