

## **Mobile Developer (F/M/D)**

Company	Authentic Vision GmbH
Location	On-site Salzburg, AV Headquarters
Website	<a href="http://www.authenticvision.com">www.authenticvision.com</a>

## COMPANY BACKGROUND

Authentic Vision (AV) offers a mobile authentication solution used by customers worldwide for brand protection and consumer engagement. Headquartered in Salzburg, Austria, Authentic Vision is a rapidly growing company with a global team and due to increasing customer engagement is expanding the commercial team in Europe.

The solution is based on security tags that provide any product with a unique fingerprint, which can only be produced once. The tags can be authenticated by consumers with use of a smartphone app. A business intelligence portal provides channel & consumer data intelligence based on the scans. Authentic Vision holds several patents and is cooperating closely with a global network of partners to fight counterfeiting.

AV has been successful in signing agreements with US based customers like HDMI (4K and ULTRA Licensing Program), Commscope (electronics) and Helen of Troy (consumer products); and international customers like Lamina (industrial tools), Danfoss (industrial products), Elsewedy (Industrial wiring) and Vulli (Sophie Le Giraffe Toys) and several partners like Authentix and Eurostampa. The company is poised for significant growth and offers a flexible and rewarding environment which recognizes talent and commitment.

## STAGE OF THE COMPANY

Authentic Vision was founded in 2012 and the initial years were spent on evolving the core idea into IP, product ideation and product development. In the middle of 2015, customers were adopting the technology without the fully complete product. We have been in market for 5 years and like most start-ups, went very broad across many industry verticals to determine and understand product/market fit. To date, Authentic Vision has ~30 customers.

We are now at the point where we have developed the market focus based on market data, customer engagement and inbound traction that we are seeing, and we are shifting gears to move into growth phase. The target industry verticals (use cases) where we will want to focus will be Brand Licensing and Tax Stamps (Royalty and Tax Compliance), Oils and Lubricants (Anti-Counterfeiting), After Market Car Parts (Anti-Counterfeiting), Wines & Spirits (Anti-Counterfeiting), Agrochemicals (Anti-Counterfeiting), Industrial Products (Anti-Counterfeiting), Digital Media (Anti-Piracy) and Healthcare (Anti-Counterfeiting). Furthermore, we can move into this phase because of a strong belief and the confidence of investors who believe in building a long-term healthy business. It should be noted that this is a highly competitive space and there are a lot of players offering a variety of overt and covert authentication solutions. Our differentiator is a breakthrough in the technology that helps solve for the issues and drawbacks of other solutions.

## Mobile Developer (F/M/D)

As **Mobile Developer**, you will play a key role by developing our mobile apps and underlying technologies, such as the Authentic Vision Mobile SDK.

### THE ROLE:

- Be responsible for keeping our application frontends up to date with the latest mobile technologies, design changes, and business requirements.
- Enhance and extend our mobile SDK for Android and iOS.
- Build and maintain applications based on our SDK.
- Ensure software quality by creating and maintaining an automated test platform.

### RESPONSIBILITIES, ACTIVITIES AND TASKS:

- You have first-hand experience with building, testing, and debugging native mobile apps for Android or iOS, ideally both.
- You value product quality, are self-motivated, and take responsibilities seriously.
- You are a quick learner with a pragmatic approach to problem solving.
- Fluent in English (written and spoken), good conversational German.

### ESSENTIAL EXPERIENCE:

- Bachelor's degree in computer science or comparable qualification
- Good Kotlin/Java knowledge for Android (Android Studio)
- Good Swift/Objective-C knowledge for iOS (Xcode)
- Mobile interface design using the above tooling
- Familiarity with CI and build systems
- Ability to debug applications, understand root causes, and draw conclusions
- Ability to write automated unit, integration, and UI tests
- Git for source code management

### WE OFFER:

- You will work in a high growth company, supported by an international investor network, and have a direct impact on our user-facing product.
- Flexible work times, a goal-driven engineering approach, and friendly colleagues.
- Our existing Authentic Vision Android/iOS Mobile SDK technologies enable you to find a footing and develop yourself in the mobile app space.

#### Authentic Vision GmbH

Ludwig-Bieringer-Platz 1, 5071 Salzburg, Austria | Phone: +43 720 98 44 60 | [www.authenticvision.com](http://www.authenticvision.com) | [info@authenticvision.com](mailto:info@authenticvision.com)

#### Authentic Vision Inc

19818 Merribrook Dr, Saratoga, CA 95070, USA | Phone: +1 415 577 4249 | [www.authenticvision.com](http://www.authenticvision.com) | [usa@authenticvision.com](mailto:usa@authenticvision.com)

- We strive to maintain high standards in code quality and engineering processes, and hence provide you with a mature codebase as starting point.
- Our open company culture enables you to explore and interact with other in-house projects and teams to expand your horizon beyond mobile development if desired.

In case you are interested, please submit your CV and cover letter including salary expectations and earliest starting date to:

Authentic Vision  
Oliver Kuckertz  
Head of Engineering  
Ludwig-Bieringer-Platz 1, 5071 Salzburg, Austria  
[info@authenticvision.com](mailto:info@authenticvision.com)

Due to legal reasons we are obliged to disclose the minimum salary according to the collective agreement for this position, which is € 2.518 gross per month. Our compensation package is based on market-oriented salaries and depending on your background and work-experience, your salary could be significantly above the stated minimum salary.
