Company	Authentic Vision GmbH
Location	Salzburg, Austria
Reporting Relationship	Finance Director
Website	<a href="http://www.authenticvision.com">www.authenticvision.com</a>

## COMPANY BACKGROUND

Authentic Vision (AV) offers a mobile authentication solution used by customers worldwide for brand protection and consumer engagement. Headquartered in Salzburg, Austria, Authentic Vision is a rapidly growing company with a global team and due to increasing customer engagement is expanding the commercial team around the world. The solution is based on security tags that provide any product with a unique fingerprint, which can only be produced once. The tags can be authenticated by consumers with use of a smartphone app. A business intelligence portal provides channel & consumer data intelligence based on the scans. Authentic Vision holds several patents and is cooperating closely with a global network of partners to fight counterfeiting.

AV has been successful in signing agreements with US based customers like HDMI (4k and Ultra label licensing program) and Commscope (Electronics); and international customers like Danfoss (industrial products), Elsewedy (Industrial wiring) and Vulli (Sophie La Girafe Toys) and several partners like Authentix and Eurostampa. The company is poised for significant growth and offers a flexible and rewarding environment which recognizes talent and commitment.

## STAGE OF THE COMPANY

Authentic Vision was founded in 2012 and the initial years were spent on evolving the core idea into IP, product ideation and product development. In the middle of 2015, customers were adopting the technology without the fully complete product. We have been in market for 5 years and like most start-ups, went very broad across many industry verticals to determine and understand product/market fit. To date, Authentic Vision has ~30 customers.

We are now at the point where we have developed the market focus based on market data, customer engagement and inbound traction that we are seeing, and we are shifting gears to move into growth phase. The target industry verticals (use cases) where we will want to focus will be Brand Licensing and Tax Stamps (Royalty and Tax Compliance), Oils and Lubricants (Anti-Counterfeiting), After Market Car Parts (Anti-Counterfeiting), Wines & Spirits (Anti-Counterfeiting), Agrochemicals (Anti-Counterfeiting), Industrial Products (Anti-Counterfeiting), Digital Media (Anti-Piracy) and Healthcare (Anti-Counterfeiting). Furthermore, we can move into this phase because of a strong belief and the confidence of investors who believe in building a long-term healthy business. It should be noted that this is a highly competitive space and there are a lot of players offering a variety of overt
